

THE CWOOL CLIP

For all things Woollen

27th March 2023

Dear All

Our Caldbeck shop has been busy since we re-opened in February and we're looking forward to welcoming lots of visitors in the coming weeks too. If you're not local to us, don't forget that our [Online shop](#) is open wherever you are with a varied cross-section of our creations.

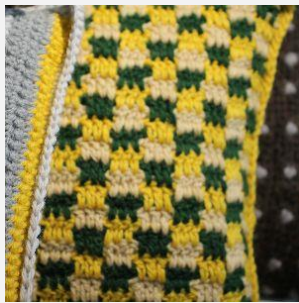

We'll be extending our opening days to include Mondays for Easter (and for the other Bank Holidays to come in May) so the shop will be open 11am to 4pm on Easter Monday as well as May Day, Coronation Day and the Spring Bank Holiday Monday at the end of May.

As if that didn't keep us busy enough, three of us are involved in lambing -

[Ella](#)'s been lambing her small flock during March, [Alice](#) expects her first Manx lambs at Easter and [Ruth](#) is in the throes of delivering hundreds of lambs on her family farm near Hesketh Newmarket.

Keep an eye on our social media channels for occasional lambing videos and updates. Readers of the Cumberland and Westmorland Herald may have spotted [Ruth](#) (and a couple of her early lambs) on the front page of the paper and in a feature in the recent farming and countryside supplement too.

Finally, a few shameless product plugs.

Whether you're refreshing your wardrobe or your home for the spring, there are woollen creations in our shop to add something unique to your outfit or your room. For your home, we've rugs, cushions, hangings and blankets (ideal for the occasional cooler night or for sitting outside in the summer). And we've brooches, bags and bows - as well as lots of scarves and wraps - in the accessories section of our [Online shop](#). Well worth a browse.

Please say Hello if you manage to visit the shop and we'd love it if you could let friends and family know about us by sharing this e-newsletter and encouraging them to [subscribe](#).

Thanks and best wishes,
The Wool Clip
